Spoke reflectors

Boost visibility from every angle with durable, microprismatic spoke reflectors. Available in standard shapes or fully customised designs to make every ride shine.

REFLECTIVE PRODUCTS

Bike frame reflectors

Bike frame reflectors are rectangular reflective panels attached to the bicycle frame using Velcro. Available in two versions with different fastening orientations, allowing them to fit both thicker and thinner bike frames.

Their large surface area provides excellent space for branding, combining safety with a promotional function.

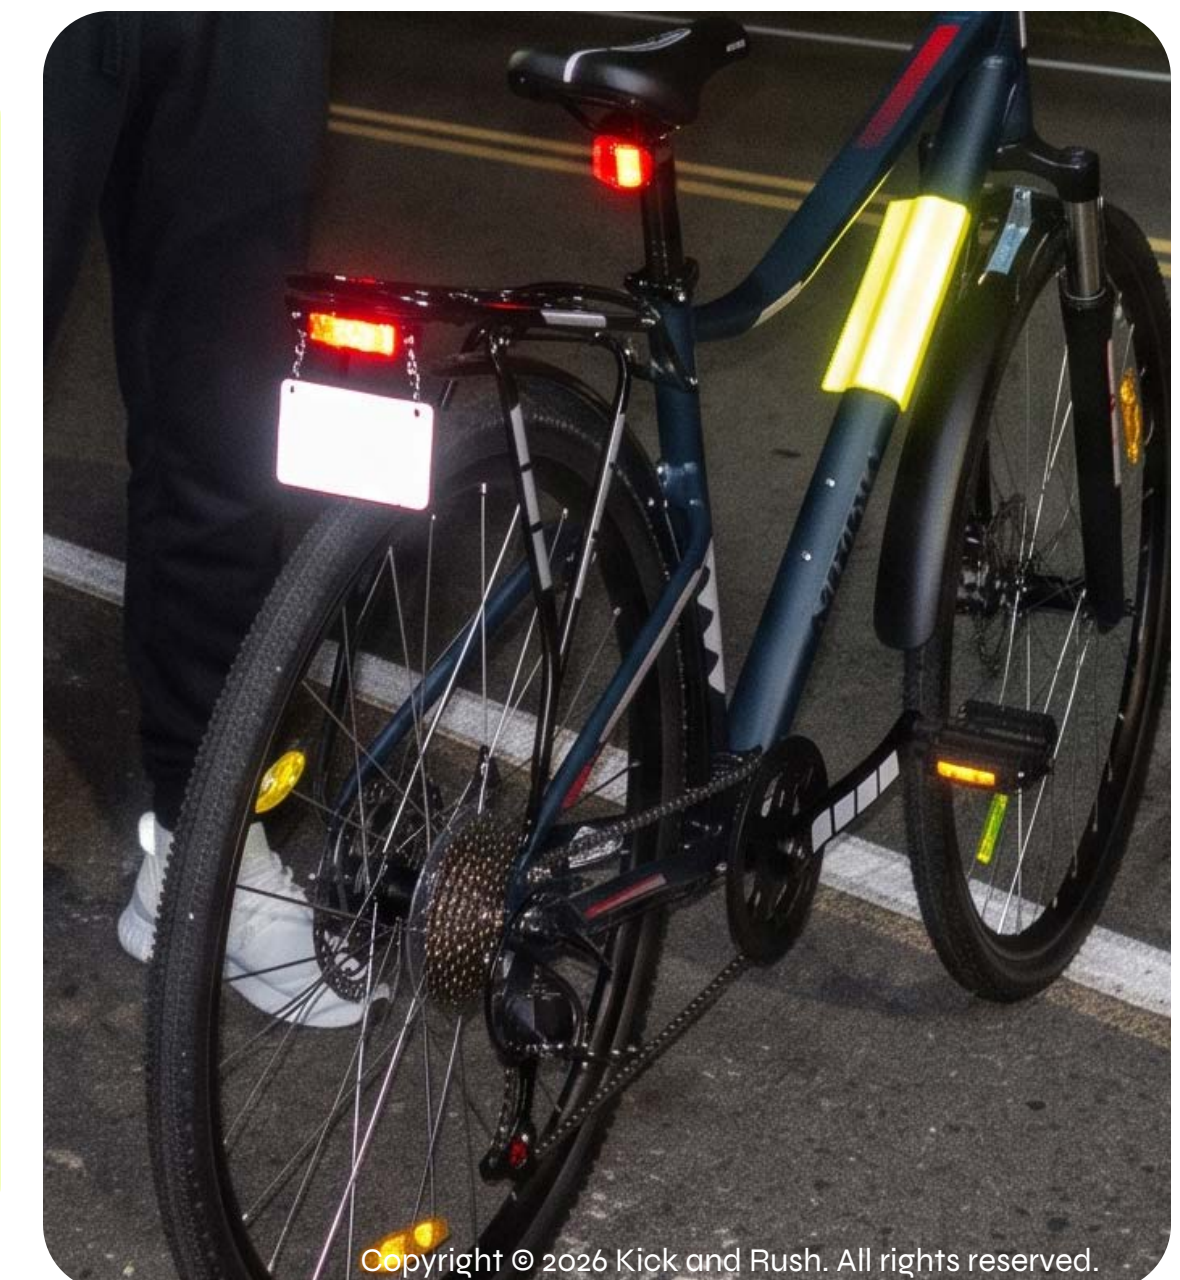

Reflective Style, Safer Rides.

Bike plate reflector

Bike plate reflectors are large reflective hangers mounted under the handlebars or beneath the bike saddle, available with various fastening options.
